BRAND OVERVIEW & PRODUCT RANGE

Aryoil Petroqas delivers high-performance industrial and automotive lubricants, engineered to meet the demanding needs of construction, transport, agriculture, mining and industrial operations.

WHY CHOOSE ARYOIL PETROQAS

Reliable Performance
Engineered for maximum efficiency and productivity.

Equipment Protection
Helps extend equipment life and reduce downtime.

Broad Coverage
Complete range for automotive, industrial and off-highway applications.

Consistent Quality
Manufactured to stringent standards for dependable, long-term performance.

OUR PRODUCT RANGE

Engine Oils
High-performance engine oils for a wide range of automotive and off-highway applications.

Hydraulic Oils
High-performance hydraulic oils for construction, agriculture, mining and industrial equipment.

Transmission & Final Drive
Advanced fluids for transmissions, axles and final drive systems.

Gear Oils
High-quality gear oils for industrial and automotive gear systems.

Compressor Oils
Specialized oils for air compressors to ensure smooth, reliable and efficient operation.

Industrial Gear Oils
Heavy-duty gear oils for industrial applications operating under high load and severe conditions.

Available in three pack sizes:
5L • 20L • 210L

Flexible pack sizes to meet your operational needs, from individual equipment to large fleets.

ENGINE OILS

SUPERIOR PROTECTION. LONGER ENGINE LIFE.

High-performance engine oils engineered for modern engines, delivering exceptional protection, cleanliness and performance across all operating conditions.

Engine Oil
SAE 5W-40

Advanced full synthetic technology for maximum protection and performance.

- Excellent Engine Protection
- Superior Cleanliness & Performance
- Longer Engine Life

5L 20L 210L

Engine Oil
SAE 15W-40

Reliable heavy-duty performance for commercial and industrial applications.

- Strong Wear Protection
- High Performance Under Heavy Loads
- Extended Engine Life

5L 20L 210L

Engine Oil
SAE 10W-40

Versatile performance for gasoline and diesel engines in all driving conditions.

- Reliable Engine Protection
- Improved Fuel Efficiency & Cleanliness
- Longer Service Life

5L 20L 210L

Available pack sizes: **5L • 20L • 210L**

TRANSMISSION, FINAL DRIVE & TRACTOR FLUIDS

Reliable power. Smooth operation. Maximum productivity.

01 AUTOMATIC TRANSMISSION FLUID (ATF)

High performance ATF for smooth and reliable transmission operation in modern vehicles and equipment.

- Smooth Shifting
- Wear Protection
- Stable Performance

02 UTTO 10W-30

Universal Tractor Transmission Oil (UTTO) for transmission, hydraulic systems, wet brakes and final drives in agricultural equipment.

- Wet Brake Performance
- All-in-One Protection
- Longer Service Life

03 TRANSMISSION & HYDRAULIC OIL SAE 10W

Multi-purpose transmission and hydraulic oil for agricultural and industrial equipment.

- Reliable Hydraulics
- Wear Protection
- Excellent Low-Temperature Flow

04 TRANSMISSION & HYDRAULIC OIL SAE 30

High performance oil for transmission, hydraulic systems and wet brakes under heavy duty conditions.

- Strong Performance
- Wear Protection
- Extended Drain Interval

05 TRANSMISSION & FINAL DRIVE OIL SAE 50

Heavy duty gear and transmission oil for final drives, differentials and heavy equipment.

- Extreme Pressure Protection
- High Load Performance
- Longer Service Life

06 TRANSMISSION & FINAL DRIVE OIL SAE 60

Premium heavy duty oil for final drives, differentials and off-highway equipment operating under severe conditions.

- Maximum Gear Protection
- Severe Duty Performance
- Extended Equipment Life

GEAR OILS

High Performance Gear Protection

Advanced gear oil formulations designed to deliver smooth operation, superior wear protection and long-lasting performance in the most demanding conditions.

- Smooth Gear Operation
- Wear Protection
- Thermal Stability
- Long Service Life

Gear Oil 75W-80

Premium performance gear oil designed for smooth and efficient gear operation, providing excellent wear protection, thermal stability and long service life across a wide range of operating conditions.

- Smooth and quiet gear operation
- Excellent wear and extreme pressure protection
- High thermal and oxidation stability
- Long service life and reliable performance

Gear Oil 80W-90

Heavy-duty gear oil engineered for high-load applications, delivering superior gear protection, excellent thermal stability and extended service life in severe operating environments.

- Smooth and reliable gear operation
- Superior wear and extreme pressure protection
- High thermal and oxidation stability
- Long service life under heavy-duty conditions

TECHNICAL GUIDE CONTACT & ORDERING

Technical & Application Guide

GET THE RIGHT LUBRICANT.
MAXIMISE PERFORMANCE. EXTEND EQUIPMENT LIFE.

Match Viscosity Grade

Use the correct viscosity grade as recommended by the equipment manufacturer.

Check Approvals

Ensure the product meets the required industry and OEM specifications and approvals.

Match to Operating Conditions

Consider temperature range, load, speed and operating environment.

Use the Correct Product Type

Choose the right oil type (engine, hydraulic, gear, transmission, compressor or industrial) for your application.

Store Sealed

Keep containers tightly sealed to prevent contamination and moisture ingress.

Store Upright

Always store containers in an upright position to avoid leakage and maintain product integrity.

Cool and Dry

Store in a cool, dry place away from extreme heat and humidity.

Away from Direct Sunlight

Keep out of direct sunlight to preserve product quality and performance.

Applications

TRUSTED LUBRICATION SOLUTIONS FOR EVERY INDUSTRY.

CONSTRUCTION

Heavy-duty protection for construction equipment and infrastructure projects.

INDUSTRIAL

Reliable lubrication for industrial plants and continuous operations.

TRANSPORT

Keeps commercial fleets and light vehicles running smoother for longer.

AGRICULTURE

Tough protection for agricultural equipment in demanding conditions.

MINING

High-performance lubricants for extreme loads and harsh environments.

Standard pack sizes:
5L • 20L • 210L

Industrial & Automotive Lubricants

Engineered lubrication solutions for engines, transmissions, hydraulic systems, gearboxes, compressors and off-highway equipment - presented in a practical 5L pack range.

- **E** ENGINE PROTECTION
- **H** HYDRAULIC RELIABILITY
- **D** DRIVELINE CARE
- **I** INDUSTRIAL DUTY

BRAND OVERVIEW & PRODUCT RANGE

A focused 5L lubricant range for automotive, agricultural and industrial applications.

About Aryoil Petroqas

Aryoil Petroqas supplies industrial and automotive lubricants designed for dependable protection across transport, construction, agriculture, mining, workshops and industrial machinery. The 5L range brings core products into a convenient pack size for service operations, workshops and equipment owners.

Why Choose Aryoil

- **Reliable Performance**
  Engineered for demanding operating conditions and long service life.
- **Equipment Protection**
  Helps control wear, deposits, oxidation and component stress.
- **Broad Coverage**
  Solutions for engines, hydraulics, transmissions, gears and compressors.
- **Practical Pack Size**
  A versatile 5L format for workshops, service teams and equipment owners.

01

ENGINE OILS

Synthetic and heavy-duty engine protection for modern automotive and diesel applications.

02

HYDRAULIC OILS

Anti-wear hydraulic fluids for industrial and mobile hydraulic systems.

03

TRANSMISSION & FINAL DRIVE

Fluids for tractor transmissions, wet brakes and off-highway drivetrains.

04

GEAR & COMPRESSOR OILS

Industrial gear, automotive gear and compressor lubricants for heavy-duty service.

AVAILABLE PACK SIZE

5L

APPLICATIONS

Auto… • Construction • Agri…

ENGINE OILS & HYDRAULIC OILS

High-performance lubrication solutions for engines and hydraulic systems.

01

Engine Oil SAE 5W-40

FULLY SYNTHETIC ENGINE OIL

Premium fully synthetic lubricant for petrol, diesel, LPG, hybrid and turbocharged engines, focused on active cleansing and low oil consumption.

API SN/CF | 5L

02

Engine Oil SAE 15W-40

HEAVY-DUTY DIESEL ENGINE OIL

Robust multi-grade lubricant for high-load diesel engines in trucks and off-highway equipment, with strong wear protection and soot/viscosity control.

API CI-4 Plus | 5L

03

Engine Oil SAE 10W-40

HEAVY-DUTY DIESEL ENGINE OIL

Synthetic-technology engine oil formulated for commercial fleets, construction, mining and agriculture. Designed for dependable protection, cleanliness and long service life.

API CI-4 | 5L

04

Hydraulic Oil ISO VG 32

ANTI-WEAR HYDRAULIC FLUID

Low-viscosity hydraulic oil for industrial and mobile hydraulic systems requiring responsive operation, wear control and oxidation stability.

ISO 11158 HM | DIN 51524-2 HLP | 5L

05

Hydraulic Oil ISO VG 46

ANTI-WEAR HYDRAULIC FLUID

Balanced-viscosity hydraulic oil for mobile and stationary systems, providing dependable wear protection, deposit control and long service reliability.

V 46 | 5L

06

Compressor Oil ISO VG 68

HIGH-PERFORMANCE COMPRESSOR OIL

Higher-viscosity compressor lubricant for demanding compressor service, designed for wear protection, oxidation resistance and extended service intervals.

5L

YPICAL BENEFITS

Wear pro

TRANSMISSION, FINAL DRIVE & GEAR OILS

Specialized drivetrain lubricants for smooth shifting, wet brakes, gears and heavy off-highway service.

01

Automatic Transmission Fluid

SMOOTH-SHIFTING PROTECTION

Transmission fluid for modern automatic transmissions and power-steering systems where smooth shifting, thermal stability and wear protection are required.

DEXRON III | MERCON | Allison C-4 | 5L

02

UTTO 10W-30

UNIVERSAL TRACTOR TRANSMISSION O

Multi-function tractor fluid for transmissions, hydraulic systems, final drives and wet brakes, engineered for agricultural equipment and demanding field use.

API GL-4 | 10W-30 | 5L

03

Transmission & Final Drive Oil SAE 50

OFF-HIGHWAY DRIVELINE PROTECTI

High-viscosity off-highway lubricant for powershift transmissions, final drives and oil-immersed brakes in heavy construction and mining equipment.

Caterpillar TO-4 | 5L

04

Transmission & Final Drive Oil SAE 60

HEAVY-DUTY FINAL-DRIVE OIL

Heavy-duty transmission and final-drive lubricant for severe service, sustained loads and high operating temperatures in off-highway machinery.

Caterpillar TO-4 | 5L

05

Gear Oil 75W-80

MANUAL TRANSMISSION GEAR OIL

Smooth-shifting automotive gear lubricant designed for manual transmissions and gear systems where balanced wear protection and thermal stability are important.

INDUSTRIAL GEAR & COMPRESSOR OILS

Industrial lubrication solutions and ordering information.

01

Industrial Gear Oil ISO VG 150

INDUSTRIAL EP GEAR LUBRICANT

Industrial gear lubricant for enclosed gearboxes, bearings and circulation systems requiring extreme-pressure protection, wear control and oxidation stability.

DIN 51517-3 CLP | ISO 12925-1 CKD | 5L

02

Industrial Gear Oil ISO VG 220

INDUSTRIAL EP GEAR LUBRICANT

Higher-viscosity industrial gear oil for enclosed gear drives and circulating systems operating under sustained loads and severe duty conditions.

DIN 51517-3 CLP | ISO 12925-1 CKD | 5L

03

Compressor Oil ISO VG 32

HIGH-PERFORMANCE COMPRESSOR

Compressor lubricant for rotary screw, reciprocating and industrial air systems where oxidation stability, wear protection and corrosion resistance are required.

ISO VG 32 | 5L

04

Compressor Oil ISO VG 68

HIGH-PERFORMANCE COMPRESSOR OIL

Higher-viscosity compressor lubricant for demanding compressor service, designed for wear protection, oxidation resistance and extended service intervals.

ISO VG 68 | 5L

Technical & Application Guide

Key information to help select, use and store the 5L lubricant range.

Available Pack Size
5L
Practical service and workshop pack.

Applications
